

Fruitful Ground

JULY/AUGUST 2014

COLOSSIANS 1:10

SOME THINGS ARE WORTH WAITING FOR.

Have you ever thought something would never happen? Then suddenly something shifts and hey presto!

I have been asking God to use me in the Supernatural, signs, wonders and Miracles. (I'm not asking for anything He didn't say I couldn't).

While ministering in another nation, the atmosphere was just right for those things, people's expectations were running high. So we called a young man out who had been paralysed for 17 years, the power of God was all over him, some demonic spirits left and after two hours he started to move his toes. Then sometime later he said he felt like standing up, the room was electric with Praise and Worship. This young man took a step forward, first in 17 years!

No one could deny Gods supernatural healing power and the working of a miracle.

I learnt so much from this experience. We must be bold and courageous in what we ask God for, this is the season of the suddenly of God. How big is your Faith? Step up in boldness and see the power of God work for you.

ARMCHAIR MINISTRIES

I am seeing the power of God in Europe. But my heart aches to see God doing these things and more in the United Kingdom. We must stay as a United Nation. That is what I firmly believe, together we will stand. Unity is a powerful weapon against the enemy. Come on people pray, for your nation. Let us turn the light on! Gods hand is not too short to reach your nation, all over the world we are seeing pockets of revival breaking out. But don't be content with small, be bold and think bigger and more powerful than you have thought or imagined before. Step up, so God can step out!

SWALEVIEW TRAINING CENTRE

We have just had a guest speaker from Poland. Magda Broda. The meeting was very informative on what God is doing in Poland and in Magda's church; they are seeing Gods power bring big things for them. Poland is shining for Jesus. Swaleview is now on a summer break, but on the 10th August we will have our first baptism in the river Swale!
